

TodoStreaming

Server WebTV

WebTV is a service offered by TodoStreaming, base on the usage of 100 Mbps bandwidth servers. The number of simultaneous users is limited by this bandwidth, but you ensure your monthly fee, for a fixed price.

Advantages:

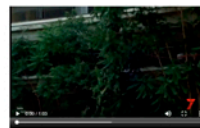

- Access to a real-time stats panel .
- Copy-paste HTML5 web player for all platforms (Windows, Linus, Mac, iOS and Android)
- 100 Mbps Limited bandwidth.
- A standalone server only for you.
- Help to get started.
